

BEAVER DAM'S GREATEST STORE, E. P. BARNES & BRO.

The central and most economical trading place for the purchasing public of the entire Green River Country. This great establishment has made Beaver Dam famous as the largest distributing point in this section of the State. It buys more goods, buys better goods and sells them at more reasonable prices, as is evidenced by the SEAL OF APPROVAL set by hundreds of satisfied customers. JOHN HENRY THOMAS, Editor.

FRIDAY, APRIL 4.

An unusually modest March wind began to blow arrogantly in its last days, and blew out thirty lives and five million dollars' worth of property, Sunday.

MARK HANNA is asking his friends to discourage the effort being made to bring him forward as a presidential candidate. That he is sincere about this matter, those who know his real character do not doubt, but the popular demand for his candidacy increases with the increasing popular faith in his sincerity.

COL. WATKINSON is paying an awful price for the possibility of two nominations. After a fearless fight of fifty years for the fittest, as he saw it, he now out-Bryans Bryan in his appeals to the rabble. The frank, fearless journalist becomes the fawning, fearful office-hunter. But of such is the kingdom of politics.

JUDGE JOHN J. MILLIKEN, of Franklin, candidate for the Democratic nomination for Judge of the Court of Appeals, was in Hartford last week, and Judge Warren E. Settle, of Bowling Green, is here this week on a similar mission. We do not enjoy the confidence of Democratic counsel, but it looks to an outsider, like Judge Milliken's case in Ohio county was pretty well settled.

CHIEFLY through the efforts of Hon. A. S. Bennett a bill was passed at the recent session of the Legislature fixing the charges of mills grinding for toll at one-eighth for steam mills and one-seventh for water mills. A similar law already existed, except that it applied only to custom mills and the millers took advantage of the provisions of the law by incorporating as merchant mills. The new law will take effect in May. The full text of the bill will appear next week.

CORRUPTMAN Richardson, the Democrat floor leader, played a game of cheap politics in the House last week, by reporting "something rotten in Denmark." Richardson reported to the House that the Kingdom of Denmark, through its secret agents, had expended \$500,000 in bribing Congressmen in the matter of

the sale of the Danish Antilles to the United States. Richardson's little political bomb has exploded, damaging only its author.

WATCH our issue of May 3rd. We will be so many years old that day, and in order to have the paper contain an unusual feature on our birthday, we are going to publish a list of our last friends. THE REPUBLICAN has some friends it has not seen or heard from for several years, and least they be dead or moved away and not receiving the weekly message we send them, we will publish their names and addresses that our other friends may advise us of their whereabouts. Watch our issue of the 3rd of May.

The prevalence of murder and other serious crimes in Ohio county is simply appalling. There are confined in the jail here two men charged with murder, two charged with house-breaking, to say nothing of a score of others charged with grave crimes, who are out on bond. Life and property are no longer secure, and as a result of this state of affairs, the courts established for the protection of both have fallen into popular contempt. This condition will not always be endorsed by the peace and order-loving citizens of Ohio county. The time is not far distant, if shocking crimes continue to accumulate, when the fury of a mob will bring lasting shame upon the court that forces men to preserve the peace of the community by desperate means.

\$100 Reward. \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in its curative powers that they offer one hundred Dollars for any case that it fails to cure. Send for list of testimonials.

JAKE EDWIN ROWE

Was Indicted Saturday in Hancock County for Being Drunk on Duty.

Jake Rowe has been indicted again says the Owensboro Inquirer. At Hawesville Saturday the grand jury of Hancock county returned a true bill against him, charging him with being drunk while in the discharge of his official duty, and being incapacitated for that reason. This leaves McLean county with the invidious distinction of being the only county in the district in that county when he is elected by the people, as in any other county in the district.

The people of the district have wondered whether or not there was any way of getting rid of Rowe as commonwealth's attorney. They have been told that the only remedy was through impeachment proceedings in the senate, but the best lawyers are now of the opinion that the indictment now pending against him in the Davies circuit court, if successful, offers a sure means of removing him from the office that he has disgraced to long.

It will be remembered that at the former term of the court Attorney Hays, sitting as special judge, sustained a demurrer to an indictment for malfeasance in office, committed by receiving money from and corruptly agreeing with William Powell and Forrest Hilt to dismiss the charge against them for suffering gaming on their premises, and receiving from them \$50 in consideration of which sum he agreed to and did dismiss the indictments against them. The court of appeals reversed Judge Hays' decision, and in the opinion used the following words: "The commonwealth's attorney is the representative of the state in all criminal proceedings in his district. If he may compound crime and allow the murderer to go unpunished, then the administration of justice may be stifled until the legislature meets in its biennial session of sixty days. The tardy remedy by impeachment is wholly inadequate."

The opinion, written by Judge Hobson, states the law to be that upon conviction Rowe may be removed from office, shall be fined not less than \$200 nor more than \$1,000, and barred from the right of suffrage for ten years.

The proof before the grand jury was positive, the parties who paid the money being before that body and exhibited the receipts given them by Rowe. It is presumed that

the proof will be the same on the trial of the case, in which event conviction is certain. The full penalty will be insisted on by County Attorney Clements, and in this demand he will be backed by an outraged people, and the judgment will follow the law. Mr. Clements says he will be ready at the April term of court. The case is set for hearing on April 16. Rowe will lust on a continuance, but it is not believed that it will be necessary to grant it.

Sons of Veterans will meet in Hartford Saturday April 5, 1902. Important meeting. Every member is earnestly requested to attend.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

MALARIA An Invisible Enemy to Health

Means had air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same. These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that soppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.

She leaves a devoted husband, with whom she associated for more than forty years, and four children.
The matrimonial fever seems to be contagious in the family of Mr. Jerome Allen, near Jingo. December 9, 1901, John L. Allen married Miss Delilah Stevens, January 15, 1902, Henry Allen married Miss Mary Schampshire and March 30, Miss Susie Allen was married to Mr. Joseph Snell. If there is another family in Ohio county that can beat the marrying record of this one we should like to hear from it.

Since we announced that Ohio county had a genuine divine healer in the person of good old farmer, Eli Howard, some jealous partizan of John Alexander Dowle, the Chicago divine healer, has sent us a copy of Leaves of Healing, Dowle's organ for the propagation of his divine art. Dowle claims to be the prophet Elijah rejuvenated and modernized to meet the needs of changed conditions. We have no light to make upon divine healer Dowle, but we want to insist upon our people patronizing home industries when needing treatment in the healing line. Divine healer Howard don't publish any magazines, but when it comes to healing the sick, present or absent he is right up with Dowle's best work.

ANOTHER KILLING.

Netter Gilstrap Shoots to Death Tom Burton at Cromwell Saturday.

About 3 o'clock Saturday afternoon, at Cromwell, Netter Gilstrap shot and instantly killed Thomas Burton. Gilstrap was immediately arrested and brought here and lodged in jail. Gilstrap was brought into court yesterday for examining trial, but on account of absent witnesses the case was continued till next Tuesday.
The killing was the result of ill feeling between the two men, dating back more than a year, when Burton's boy bought about a dollar's worth of groceries from Gilstrap and had them charged to his father. Some misunderstanding about this debt was the origin of the ill feeling which resulted in the killing of Burton Saturday.
About a year ago Gilstrap and Burton had a scrap, in which Burton cut Gilstrap in a number of places. The men had not met since, till Saturday evening, when Gilstrap came out of Cooper & Martin's store, and, without speaking to Burton, fired three shots at him at close range; one taking effect in Burton's head and the other two in his body, killing him instantly. Eye witnesses inform us that Burton was talking with some parties near the store, mentioned, and did not observe Gilstrap before he shot. Gilstrap says Burton had threatened his life, and that he was making an effort to draw a gun when he fired. A gun was found on Burton's body after he was killed.
Gilstrap was immediately arrested by Geo. G. Martin, and Sheriff Keown telephoned for Sheriff Keown started at once for Cromwell and brought Gilstrap over and lodged him in jail Saturday night.

FRANK WESTERFIELD.
Lanham in Jail.
Deputy Sheriff J. H. Roberts arrested James Lanham at Fortville Wednesday, on a writ, charging him with seduction, and upon Lanham's failure to make a \$500 bond, brought him to Hartford to lodge him in jail. Roberts and his prisoner arrived at the jail about dark and Lanham created a scene that brought a big crowd of the curious to the jail yard, by noisily protesting that he would die before he would be locked up. He finally agreed to pay the sheriff to guard him over night, which the sheriff did. Yesterday morning Lanham was taken to make a bond and was locked up about 9 o'clock. Lanham is charged with seducing Iva Weddick, near Sulphur Springs. REPUBLICAN readers will recall a notice sometime in January of Lanham leaving his wife and running away with the wedding girl. The fugitive pair were gone only a few weeks when Lanham returned to his wife and Miss Weddick secured a position as an attendant in St. Mary's Hospital at Evansville.
Lanham was indicted at the recent sitting of the grand jury, but seems to have made no arrangements to meet the arrest that overtook him Wednesday. Lanham had been a man of average character up to the time of the incident referred to, but public sentiment has been very strong against him since, on account of the good character and tender age of Miss Weddick who was only seventeen.
Lanham says he will make a bond in a few days.

A Fearful Tragedy.
A yellow dog, a lean cow and a rickety division fence were the occasion of a fearful tragedy in Cincinnati Friday morning, in which a former citizen of Hartford was the principal. About 8 o'clock Friday morning C. M. Pendleton shot and instantly killed a Mrs. Baker, the wife of his nearest neighbor, and was immediately lodged in jail. Pendleton's examining trial was completed Monday and he was held without bail. Pendleton and the Bakers were close neighbors. Pendleton had a dog and the Bakers had a cow. The dog would slip through the broken fence and bite the cow's heels. Simple as this circumstance was, it was the beginning of a feud which resulted in an encounter on the street Friday morning between Pendleton and Mrs. Baker with the result mentioned above.

Coons on the Warpath.
At a negro festival at Rockport Saturday night Alvin Baker, Kelley Renter and Bob Porter raised a rough house, as the result of which Bob Porter and Dock Austin are seriously wounded and Alvin Baker and Kelley Renter are in jail. According to the testimony at the examining trial of Alvin Baker, Baker, Kelley Renter and Bob Porter went to the festival with the expressed purpose of breaking it up and killing a man. Alvin Baker cut Dock Austin twice and then shot him after which he shot Bob Porter. Baker shot Porter unintentionally as they were friends. Baker is in jail charged with malicious cutting. Kelley Renter was fined \$25 in Justice Wilcox's court for disturbing a public meeting. Marshal Tiltford brought the negroes here Tuesday.

Prince Henry of Prussia belongs to the Royal family, and of course wears Royal tailoring.

That's what we sell—Royal tailoring. Five hundred latest Spring and Summer "nicknax" and staples. Henry knows his book on dress.

Royal tailoring is made for us, to the measure of our customers—correct every time to the sixteenth of an inch—by The Royal Tailors of Chicago.

Royal tailoring is clean and wholesome—no sweat-shop labor—and we can sell it at a saving of \$5 to \$15 on a suit as against the usual tailoring prices—and you can't tell why it should be any lower in price. As a matter of fact it's too high, that's all.

Royal tailoring is fine enough for the prince of good dressers—and fifty thousand American princes are wearing it this spring. Sold exclusively by

R. T. Collins, Tailors' Agent. See Samples at Cold Storage Plant.

Our Spring Opening

Day was all that could have been desired from any point of view. The crowds that thronged our store the entire day and have still continued to come, is evidence of the fact that our invitation was accepted and appreciated. All who came and went away were well pleased, not only with what they saw, but with what they bought. But we want to say that this Spring Announcement still continues. It was merely the beginning of what we intend to make the greatest bargain-giving period of our career in the mercantile business.

What We Don't Do.

We are not offering \$18 suits for \$7.50 nor \$15 suits for \$6. We never advertise such farce advertisements. This we do, however—we sell you a better suit for \$7.50, \$10.00, \$12.00 or \$15.00 than you can buy anywhere else for the same price, by comparison. You will find this to be true, and the same ratio of saving applies to every article sold by CARSON & CO. We've got a big store and a big line of goods to select from, and you will find that our word is reliable.

New Spring Fabrics.

It's worth seeing—our display of Spring Suits for Men and Boys and Dress Goods for Women and Children. The sight will interest every good dresser in the country, while the reasonable prices will appeal to every prudent and careful buyer. It's display worth coming miles to see. A glad hand of welcome awaits every caller. We certainly sell more Clothing and Dress Goods than any other store in town, and guess the only reason we don't sell it all, is because all the buyers do not call to see our goods. You can't miss us. Don't fail to drop in.
